

The New American Way

Dropkick Murphys

"The punishment no longer fits the crime"

Each day when I wake up and I set my best foot forward
I'll make an effort to be all that I can be.
I take a look around me and I wonder how things change so much
in the few short years since I was a young boy.

Do you know what we're fighting for?
I know in an instant I could lose everything I'm working toward
.

I know I'll win my battles
though I fear we'll lose the war to the new American way.

The morals of this nation's youth have long gone astray lead by
tolerance, indifference,
and this kinder gentler way that has corrupted and destroyed so
many of our boys and girls
oh Lord I start to wonder will it ever come around?
