

The Outcast

Dropkick Murphys

If they can make a law
Then I can break a law
If I can break a law

Will the law break me?
It comes tumbling down again
I can't comprehend
Is it destiny?

Are you a refugee?
A nomadic state
No place to call your home
Forever walk alone
As the world goes on
Forgotten by the ones you know

And all the words you gave me
I lost on bended knee

But you can't stop these cravings just by praying they would cease

If I can make a life
Then I can take a life
If I can save a life
Will this life save me?
Time after time
I still seem to find
You're looking out for me
So wrap your arms around me
Hold me close and don't let go
Let me lean on you as I think things through

If I don't we'll never know

Will your faith save me?
Will I find this place where I belong? (Find this place where I belong)

Can you protect me from my troubles?
Keep me safe from harm?

Will you help me carry on?!

Then they can break a law
If they can make a law
If I can break a law

Will the law break me?
It comes tumbling down again
I can't comprehend
Is it destiny?

A nomadic state
Are you a refugee?
No place to call your home

Forever walk alone
As the world goes on

Forgotten by the ones you know
