Unzip Your Harrington

Trouble for a friend of mine It's not fair he made you go to school Let's tear up the list tonight Of all the things your scared to tell your father

I'm gonna hang around Long enough to be part of the furniture Oh boy you look so suave When you unzip your harrington I guess what your like at home

Spend the cheque that you picked up today Neon lit when I saw your face The post came I thought a letter great It's all about how you never go on holiday

I'm gonna hang around Long enough to be part of the furniture Oh boy you look so suave When you unzip your harrington I guess what your like at home

I'm gonna hang around Long enough to be part of the furniture Oh boy you look so suave When you unzip your harrington I guess what your like at home
