## **Full Circle**

**Drowning Pool** 

The price leaves me, feeling empty A rusted inside a broken frown The clock is real, make a deal, risk another hand The time is now and the payment is my sin

You think it's over, well I've come too far to back down now You think it's over...

My time to rise above you, it's time to rise above you We've come, Full Cirlce. It's time to rise above you, My time to rise above you When I dream, I breathe easy A perfect ending a perfect now No remorse (no remorse) No regret (no regret) Ain't got time for simple minded bullshit

You think it's over, well I've come too far to back down now You think it's over... My time to rise above you, time to rise above you

My life...A crown of thorns My life...An open door You think it's over We've come full circle

You think it's over well I've come to far to back down now You think it's over...

My time to rise above you, it's time to rise above you We've come... Full Cirlce It's time to rise above you, my time to rise above you
