

Sermon

Drowning Pool

Where was God when I needed a friend
Where was God when I came to an end
Where was God when I lost my mind
Where was God when I couldn't find

Don't want to be up or down
Don't want to be up or down
Don't want to be up or down
Don't want to be up or down

Where was love when I felt like hate
Where was hate when I felt like love
Where were you when you said you'd be there
Where was the fear when I said I was scared

Don't want to be up or down
Don't want to be up or down
Don't want to be up or down
Don't want to be up or down

Tell me what you believe
I'll tell you what you should see
I don't know who to trust
My heart is filled with disgust

I CAN'T TAKE THIS!

Tell me what you believe
I'll tell you what you should see
I don't know who to trust
My heart is filled with disgust
(repeat)

Ladies and Gentlemen
May I have your attention
Are you ready for the joke
Are you ready for the great deception

Tell me what you believe (C'MON)
Tell me what you believe (C'MON)
Tell me what you believe
Tell me what you believe
Tell me what you believe
Tell me what you believe

"Ladies and Gentlemen
Tell me what you believe" (reverse)
