

Understand

Drowning Pool

I don't need to clear my walls
At least not for you
I don't need to hear the truth
Never from you
I won't be what you want, never, never
I won't be what you want, never, never
Won't feel what you got, never, never
I'm so proud to be so loud
When the rain comes, it will not wash you clean
And when the suffer mean
Not till you, not till you get what I mean
I'm ready now, for the flames,
For the things it sounds fun, I want some
When you talk about, I would rather [?] as you run
From the sun
Cause you don't understand
You just can't understand

I won't take [?] with you, or ride the truth
Break my side, bend the rules
All locked by few
I won't be what you want, never, never
I won't be what you want, never, never
Won't feel what you got, never, never
I'm so proud to be so loud
When the rain comes, it will not wash you clean
And when the suffer mean
Not till you, not till you get what I mean
I'm ready now, for the flames,
For the things it sounds fun, I want some
When you talk about, I would rather [?] as you run
From the sun
Cause you don't understand
You just can't understand

Treat your wings, we're going
They're the prize, forever be told
It's alright, it's alright,
You're so good [?] here we are
Together in cold
It's alright, it's alright, it's alright
Never, never, never

I'm ready now, for the flames,
For the things it sounds fun, I want some
When you talk about, I would rather [?] as you run
From the sun
Cause you don't understand
You just can't understand.
