

## Unforgotten Treachery

### Drowning the Light

Pain and agony from our wrath  
Suffering is not enough  
Writhe in torment  
Your betrayal has not been forgotten  
Your false ideals and attitudes are not worthy  
You claim to serve under the master's name  
You serve for your own selfish game  
You dog of god  
Our dedication  
Our hatred  
Our intolerance  
For Satan  
It reaches to you  
Look down and see the blood  
See your end and know why  
Your support the sub humans  
We crush  
You tolerate the degenerates  
Heil Victory as we will not lose  
In his honour!
