I don't know how much longer
You're going to be here
So I say my prayers
Every night
One 4 my mother
One 4 my father
And one 4 the love of my life
So if u decide to leave today
Then leave tomorrow at the door
And take only
Half of yesterday
Forget all hope for the present
Cause it just went away

We were 5 steps
From eternity
4 steps
4 steps past love
And 3 wishes
From
Touching the heavens above

Another day is gone Another night now dawn Waiting patiently hoping you'll return But not before long Why'd you say goodbye I still feel your presence In my bed at night And what was reality once A love True in form Has now added pain For a man scorn Forced to wear the memories of pain Around an empty heart Now I sit in silence and begin to think As laughter echoes through the air I can't get you off my mind But a whole new love I could never bare So now I lay Me down to sleep And I pray my Lord my soul to keep And if I die, before I wake Then I promise I'll be there for you always

We were 5 steps
From eternity
4 steps
4 steps past love
And 3 wishes
From
Touching the heavens above
