

## I Do (Millions)

Dru Hill

Does anybody stay together any more  
Seems like love nowadays doesn't endure ooooh  
We havent always Gotten along  
But I stayed cause I always saw this day  
And I wanna say

Millions didn't make it (But our Love)  
One of the ones that did {ooooo yeaah}  
I knew that we could make it {me and you baby}  
Please be my wife, grow with me {Hooooooo}  
Millions didn't make it (But our Love) {ours was a love that}  
One of the ones that did {we made it baby}  
I knew that we could make it {I want you to be}  
Please be my wife, be one with me

From the first time I saw you  
I knew that you were God's gift to me  
And I found my greater strength in you  
Cause no one in this world  
was more precious to me than you baby

I'm saying I do,  
I Do, I Do  
I'm gonna love you forever  
Millions Never Made it  
But Our Love Did
