

# I'll Be The One

Dru Hill

I'll be the one  
I'll be the one

I heard a rumor there's a vacancy  
Somebody said he put you down  
Seems he found pleasure in some other girl  
Baby, he's dogging you around

So now yhou're looking for a special guy  
Someone that you can call your boo  
A man that cares about your feelings girl  
A man to just be good to you  
Well

I'll be the one making you feel alright  
I'll be the one doing the things you like  
I'll be the one keeping you up at night  
I'll be the lover in your life

I'll be the one you're gonna wanna call, yeah  
I'll be the one making you climb the walls  
I'll be the one gon' have you beggin' me  
I'll be the one, the one you need

You gave him seven years of your life  
To think about it akes you cry  
Why don't you come with me  
I'll make it right  
Let's bump that nigga outta your mind  
Let's take a ride baby, no special place, yeah  
Somewhere where we can be alone, hey  
Take off our clothes and let our feelings flow  
I wanna groove you all night long  
I'll be the one

Here's the thing you should know about me, yeah  
Jazz is the man when it comes to ladies  
I know what I want  
Baby I'm keepin' it real, said real babe  
Ain't no him now that you're with me  
That's the way that it's gotta be  
If you're down, then be down  
Don't be playin' around with my heart, oh no  
I'll be the one

I'll be the one  
I'll be the one
