

## If I Could

Dru Hill

I can't believe, You were the girl  
No one ever wanted to be with kiss,hold,or do a thang  
Real thin so shy really not my type no  
There was no future for us girl honestly  
It's been a while I ask myself how could this be  
This girl is hot she's looking so damn good to me  
Tried to approach her but her feelings they have changed  
She's not checkin for me

Hey there luv  
You're lookin better than you did before  
Ooh I never meant to hurt you  
Sometimes I sit and wish I didn't ignore ya  
Ooh I'd change it if I could

What do I do for you to even notice me  
See me tryin to hard to win your heart  
Did I hurt you all that bad?  
Been two years and you're still mad Shawty tell me  
Never did I feel this way before  
So many dimes I've been through never thought that cupid had a  
bow for me  
Til the day you passed my mama's door  
I didn't really mean to hurt you baby  
So won't you please come back?

Hey there luv  
You're lookin better than you did before  
Ooh I never meant to hurt you  
Sometimes I sit and wish I didn't ignore ya  
Ooh I'd change it if I could

You got me in a state of disbelief  
I didn't know you were working with something  
Saw your boy been frontin (no)

Hey there luv  
You're lookin better than you did before  
Ooh I never meant to hurt you  
Sometimes I sit and wish I didn't ignore ya  
Ooh I'd change it if I could
