

# You Are Everything

Dru Hill

Can I play for you baby  
Hey yo Woody, help me out, yeah  
Hey yo Jazz, you chill for a minute, ya know?  
Uh uh uh yeah  
You like that?  
Gonna sing you a song  
Listen

Last night we had an argument  
Afterwards, I'm feelin' pretty bent  
Then I took a drink and I didn't think  
What was in store for me  
So I wrote a letter  
Dropped it on the bedroom floor  
I never felt this way before, no  
I grabbed my coat and closed the door baby, I'm sorry

Baby I'm sorry (Oh yeah)  
Sorry for what I've done (Will you forgive me)  
Will you forgive me and let me be your only one  
Cuz you are

- You are everything  
And I would give you anything  
Sorry for what I've done  
I wanna be your only one

Girl I apologize for all your tears  
When you cried, sorry for what I've done  
I wanna be your only one

Girl I apologize for all the tears  
And all the lies  
And if by chance just one more chance  
I swear I'll be the epitome of a good man

Baby I'm sorry (I'm sorry)  
Sorry for what I've done (Baby)  
Will you forgive me (Hey, yeah)  
And let me be your only one  
Cuz yo are

oh, oh, oh, come on  
You are everything  
And everything is you  
You are everything  
Yo yo everything I do

You are everything  
And everything is you  
You are everything  
Girl, you're everything I do

You are everything  
And everything is you  
You are everything  
Girl, you're everything I do

Everything I do

You are everything  
And everything is you  
You are everything  
And everything is you
