

Eternal Turn Of The Wheel

Drukh

Summer is the hottest every year
Every Winter, there's a different sky
Every Spring, there's a different sky
Every sunrise just feels so right

Summer is the hottest every year
Every Winter, there's a different sky
Every Spring, there's a different sky
Every sunrise feels so right

Every tree that falls in hate
Every stream that swallows the day
Every year that flows cyclelessly
Every day flows so better
