

New Revolution

Dry Cell

Hello Again
I Know I've Seen You Here Before
Can We Be Friends
I Like to Be So Much More
Oh! Oh!

But Now That Seemed So Long Ago
She Can Hardly Remember

This Is A New Revolution
Before You Wish Your Final Days
There's Only De-evolution
Inside You Hide Away

GoodBye Again
Children Are Taking Their toll
She's Growing Old
She Used To Be So Beautiful
Oh! Oh!

But Now That Seemed So Long Ago
She Can Hardly Remember

This Is A New Revolution
Before You Wish Your Final Days
There's Only De-evolution
Inside You Hide Away
You have to walk before you run
before you claim to be okay
This is a new revolution
inside you hide away

Oh!
You always hide away
'cause no one hears your pain
and so you hide away
away! away!

This is a new revolution
Before you wished your final days.
There's only de-evolution
inside you hide away
You have to walk before you run
before you claim to be okay
This is a new revolution
inside you hide away
