i belive that im hangin by a string and im feeling so small in a world full of big things undone and im ready to explode on the thing i dont know and i just wanna let go understand that the way that i am is a product of a scam that y ou pull on the last man undone and im ready to explode on the things i dont know and i just wanna let go

surprise my eyes were open dont suffocate whats broken are you ever done are you ever free silence makes me numb with out you

you believe taht your chanign everything and your feeling so tall that you can even see me undone and im read yto explode on the things i dont know, and i just wanna let go understand that the way that i am is a product of a way that yo u wanna play my hand undone and im ready to explode on the things i dont know,

surprise my eyes were open dont suffocate whats broken are you ever done are you ever free silence makes me numb without you how can this go on take it all from me silence makes me numb without you,

i never meant to cause you pain, fighting aggrivation causing suffocation, never meant to cause you pain, fighting aggrivation causing suffocation, i wont let you,

are you ever done are you ever free silence makes me numb without you, how can this go on take it all from me silence makes me numb without you, are you ever done are you ever free silence makes me numb without you, how can this go on take it all from me, silence makes me numb without you, without you, without you, without you, without you, without you
