## **Slip Away**

Day Day of reflection And day A life of rejection Slip away Sometimes I need to Slip away Want you Say Say that you'll help me Say Please don't you let me Slip away Sometimes I need to Slip away Are you So far gone Every time it starts I try to slip away So far gone Every time it starts Finally when I'm at my end Something inside is gonna break you. stand up Nothing's like it was before I so wish I could just pretend Something inside is gonna break you. stand up But there is nothing left to adore Time To be remembered After time Something I'll never I find Whatever I do Defy Do you Take World that I live in And take I'll never give in Slip away Whatever I do Slip away Love you So far gone Every time it starts I try to slip away So far gone Every time it starts And finally when I'm at my end Something inside is gonna break you. stand up Nothing's like it was before I so wish I could just pretend Something inside is gonna break you. stand up

But there is nothing left to adore
