

## 200 Years

### Dry Kill Logic

Chorus: I'm of the opinion/ That it's all or nothing- when the chance comes Will you be there? / Never surrender/ will you give up will you give in when it all falls away? / Your life has been to do this for this/ and I feel that's stronger than NOTHING/ NOTHING/ all the same, when you're 200 years forgotten/ will you rise above them all? / I've been the one forgotten/ When all the plans had failed/ I've been the one uncertain/ when all the rest had bailed/ You've wondered for the last time/ If I am what they say/ The rest will come and go I/ Will be the one that/ Stays! Stays! Stays! X2

Second verse variation at ending : The rest will come and go I/ Will be the one that/ 200 years forgotten/ will you rise above them all? / 200 years forgotten/ will you have suffered the fall?
