

## Neither Here Nor Missed

Dry Kill Logic

If I had been the one like this  
And now you were neither here nor missed  
It's the same thing it's that same hurt every day  
And without it, there's no stress I need to face

When you lie  
And you fucking steal and fucking cheat and lie  
No it's not the same and don't you ever try  
Don't know what it's like to fucking be alive  
All the time

The times have not been kind I see  
And so you will take it out on me  
Never ending is the way it starts to seem  
And your actions are what's killing all my dreams

When you lie  
And you fucking steal and fucking cheat and lie  
No it's not the same and don't you ever try  
Don't know what it's like to fucking be alive  
All the time

It's a chance I must take  
And it's my mistake to make  
Through what's real and what is fake  
I now see the rules I have to break  
If I had been the one like this  
And now you were neither here nor missed  
It's the same thing  
It's that same hurt every day  
And without it, there's no stress I know I'll face  
When you lie it's a chance I must take  
And it's my mistake to make  
Though what's real and what is fake  
I now see the rules I have to break
