

Nightmare

Dry Kill Logic

I don't like in you
Something strange I cannot follow
Now you want me to
However small, it seems so shallow
If you only knew
Such feeling for words so hollow
What I'd done to you
You'd cry

Me plus you equals Nightmare, I say
Me plus you equals Nightmare
Me plus you equals Nightmare, I say
Me plus you equals Nightmare

You took it all away
I alone replace what's broken
Nothing left to say
Muted words that were not spoken
If and when I may
Life is over - lack of motion
Shamed is where I lay
I tried

Me plus you equals Nightmare, I say
Me plus you equals Nightmare
Me plus you equals Nightmare, I say
Me plus you equals Nightmare

Never before have I felt so hollow
First one to lead and now I follow
Carry the things that I cannot dismiss
Never again do I think I will feel this
Never again do I think I will feel this

Me plus you equals Nightmare, I say
Me plus you equals Nightmare, I say
Me plus you equals Nightmare, I say
Me plus you equals Nightmare

You worthless piece of shit

Me plus you equals Nightmare, I say (GROWL!)
Me plus you equals Nightmare, I say (GROWL!)
Me plus you equals Nightmare, I say (GROWL!)
Me plus you equals Nightmare, I say!
