

Celebrate The Riot

Dubioza Kolektiv

Can't breath, heart attack, falling into coma
Can't see light at the end of the tunnel
One shock, two shock, starting to choke
Looking for a way out, everywhere is locked
Loosing my grip, no strength to rewire
Admit defeat, is it time to retire?
Hear no sound, is it blast of a bomb?
Trying hard to figure out what is going on

Get up
Pull it up

Keep on movin', leave paranoia
Pressure's high, rage's taking over
Make noise, right choice, stand by your brother
All these years we were waiting for this hour
Just move quick, get out of your cover
Take a lead, no time to retire
I hear it loud, call of the crowd
Celebrate the riot
Pull the government down

We celebrate the riot
Now there is no return
They're playing with the fire
Gonna get burn, burn

Wait no longer, don't be quiet
Are you gonna stay on this way to the bottom?
Try hard, wild card, out from the gutter
after all these years we are not undercover
Riot police, has gathered outside
Take a lead, cannot stop this flood
I hear it loud, call of the crowd
Celebrate the riot
Pull the government down

We celebrate the riot
Now there is no return
They're playing with the fire
Gonna get burn, burn
