I am from Bosnia, take me to America
I really want to see Statue of Liberty
I can no longer wait, take me to Unites States
Take me to Golden Gate, I will assimilate

The grass is always greener in neighbour's court-yard I wish to leave this nightmare, go to a promised land Please, take me to your leader I want my green card I want to fly over like a rocket from the Balkans I want to start all over and turn a new page Forget this dreadful story, escape the stone age I'm waiting for a chance to get out of the cage I feel like a slave on a minimal wage

I am from Bosnia, take me to America
I really want to see Statue of Liberty
I can no longer wait, take me to Unites States
Take me to Golden Gate, I will assimilate

One day when you reach the end One day you will understand One day back to roots my friend No place like a motherland

I hoped i'll find what I need, I'll be free like a bird
Now we're pushed in a ghetto like the sheep in a herd
All the promises I heard became empty words
Completely disconnected from the rest of the world
The grass is never greener in neighbour's court-yard
I want to start all over return to no man's land
Send greetings to your leader, don't want your green card
I want to fly back like a rocket to the Balkans
