Dubioza Kolektiv

Wicked thing  
There comes strong energy  
My way is sharp string  
Very easy I could lose my strategy

Where's the place  
I belong  
Where's the place  
Everytihing seems so messed up and wrong

Wandering around  
We still belive we're on the right way  
Called by sound  
But nobody hears what it has to say

Where's the place  
I belong  
Where's the place  
Everytihing seems so messed up and wrong
