

Just A Girl She Said

Dubstar

It's alright, I'm just a girl she said
talk down to me & take me to bed
I don't think
I don't feel & I don't really matter at all
kiss me in darkness
turn out the light
pretend you're with someone else tonight
you don't think
you don't feel & I don't really understand why...

I'm a person who speaks
I'm a person who thinks
but you hope I'll forget
as you ply me with drinks
& you cannot buy me
& you cannot use me...
but I know that you'll want to try

It's alright, I'm just a girl she said
you can't buy me & take me to bed
because I think
because I feel & you don't matter at all

just a girl she said
just a girl she said...
