

Wrap My Arms

Duff McKagan's Loaded

Wildest stars never shine this way
Deeper sleep never seems to stay
Finer things always find escape
You are all things.

I am gonna wrap my arms around you
Letting loose some tears and some pain
I'm gonna wrap my arms around you
Floating 'round in fragrant grace
I'm gonna lift my hands up on you and
Pray to god that I am safe

Dancing children are livin' bloom
Finding you grows closer, too (rise up to you)
Everything is flying around our room In my arms I found you
I found you

I am gonna wrap my arms around you
Letting loose some tears and some pain
I'm gonna wrap my arms around you
Floating 'round in fragrant grace
I'm gonna lift my hands up on you and
Pray to god that I am safe
I'm gonna wrap my arms around you
Floating 'round in fragrant grace, in fragrant grace (I found y
