## **Stepping Stone**

I remember, way back, way back when I said I never wanna see your face again Cause you were loving, yes you loving somebody else And I knew, oh, yes I knew I could control myself

And now they bring you back into my life again And so I put on a face just like a friend But I think you know, oh yes you know what's going on Cause the feelings of me, oh yes of me are burning strong

But I will never be your stepping stone Take it all or leave me alone I will never be your stepping stone I'm standing upright on my own

You used to call me up from time to time And it would be so hard for me not to cross the line The words of love lay on my lips just like a curse And I knew, oh yes I knew it would only make it worse

And now you have the nerve to play along Just like the maestro beats in his song You get your kicks, you get your kicks from playing me And the less you give, the more I want so foolishly

But I will never be your stepping stone Take it all or leave me alone I will never be your stepping stone I'm standing upright on my own

No I will never be your stepping stone Take it all or leave me alone I will never be your stepping stone I'm standing upright on my own

Never be your stepping stone Take it all or leave me alone I will never be your stepping stone I'm standing upright on my own
