

Nothing comes easy

Duke Special

I'm tripping on the wires
Always falling on the black notes
Maybe I create the hayards
Punchung goles in every life boat

And it's so hard
To get so far

Why does
Nothing come easy?
Nothing comes easy

The red light is a warning
Don't reveal the beast inside me
So I'm wiping the recording
There's just nothing here that moves me

And it's so hard
To get so far

Why does
Nothing come easy?
Nothing comes easy

Why does
Nothing come easy?
Nothing comes easy

Stop, start
Stop start

Nothing come easy
Nothnig come easy
Nothing come easy
Nothing come easy
Nothing some easy
