

Just A Creep

Dum Dum Girls

You come creepin'
Actin' like a fiend
But I've been warned
Your deceit knows no end

But you act so sweet
And you don't cut deep
You're just a little creep

It upset me
To learn you act this way
Poor thing it must be hard
To be yourself each day

But you act so sweet
And you don't cut deep
You're just a little creep

A creep
Just a creep
Just a creep

You say you're always
Right, right, right,
It's not so simple
It's not so black and white

But you act so sweet
And you don't cut deep
You're just a little creep

Oh, a creep
Just a creep
Just a creep
Just a creep

Yes, just a creep
Ya
Oh, a creep
Oh, a creep
Oh, a creep
Oh, a creep
