

Mine Tonight

Dum Dum Girls

Satan on my lips
Paralyzed by his wicked kiss
Taking baby sips
To keep an eye on what I might miss

Will I dream tonight
There's nothing left
There is no light
Need you here to be my guide
Pull me out to the other side

I've dreamed a death
It's mine tonight

Mirror's hazy film
Protects me from the state I'm in
I can't recognize
The face that wears these vacant eyes

I've dreamed a death
It's mine tonight

Tonight I'll sing my eulogy
Won't you sing it with me
I slip away
I fall asleep
I've dreamed a death
I cannot cheat
