

I Believe My Heart

Duncan James

Whenever I see your face the world disappears,
All in a single glance so revealing.
You smile and I feel as though I've know you for years.
How do I know to trust what I'm feeling?

I believe my heart,
What else can I do?
When every part of every thought leads me straight to you.
I believe my heart.
There's no other choice,
For now whenever my heart speaks, I can only hear your voice

The life-time before we met has faded away.
How did I live a moment without you?
You donâ€™t have to speak at all, I know what you'd say.
And I know every secret about you.

I believe my heart.
It believes in you.
It's telling me that what I see is completely true.
I believe my heart.
How can it be wrong?
It says that what I feel for you I will feel my whole life long
.

I believe my heart.
It believes in you.
It's telling me that what I see is completely true.
And with all my soul
I believe my heart.
The portrait that it paints of you is a perfect work of art.
