

## So Gone

Duncan Sheik

How many times on this merry-go-round  
Over and over again  
Up on that horse was a weak foolish child  
Never believed it would end

How many smokes till I'm satisfied  
How many dreams till I'm happy  
How much of the day will I watch fade away  
Till there is no one to ask me

I was gone, so gone  
Gone, so gone for a while

How many times will I sleep by your side  
Turning and dreaming and scared  
Of fair grounds that shut down  
As you ride away, my horse won't go anywhere

I was gone, so gone  
Gone, so gone for a while

I was wrong, so wrong  
Wrong, so wrong for a while

How many songs will I try to write  
All have the same thing to say  
I've got two tickets left, won't you please stay with me  
For the very last ride of the day?
