Varying Degrees Of Con-artistry

Duncan Sheik

Promised cures for everyman Snake oil and circuses You can get to Heaven, yes you can So judge the books by their surfaces

And someone's taking care of business The market place is doing fine As long as there's no witness How can there be a crime

The illusion is lasting, such beautiful masking We hold it in our arms
It's all just varying degrees of con-artistry
But no one seems alarmed, no one seems alarmed

I'll promise love without end
I'll believe myself, if I can
And like a baby soft and helpless
I won't ask questions

The illusion is lasting, such beautiful masking We see it all the time
It's all just varying degrees of con-artistry
But no one seems to mind, no one seems to mind
