Dune Rats

Six-pack!
Six-pack!

It's not so bad living in the basement
Mum and Dad are fighting, someone's wasted
Underage, I wish that I was older
But it's all good, 'cause someones coming over

My brother bought us a six-pack
Bad smokes and a cask of we don't care
My brother bought us a six-pack
To share, to share, to share

Hanging out, drinking in the basement
I got a job, I work it all the time
Overage, I wish that I was younger
It's all good, age is just a number

My brother bought us a six-pack
Bad smokes and a cask of we don't care
My brother bought us a six-pack
To share, to share, to share

I can't get none, he can get some
I can't get none, he can get some
I can't get none, he can get some

I'm packing up, I'm moving out the basement
Mum and Dad, they're fighting all the time
Got a place, where no one's ever sober
It's all good, 'cause now we're coming over

My brother bought us a six-pack
Bad smokes and a cask of we don't care
My brother bought us a six-pack
To share, to share, to share
My brother bought us a six-pack
Bad smokes and a cask of we don't care
My brother bought us a six-pack
To share, to share, to share
