

Buzz-Kill

Dune Rats

I never liked you, ah-ha-ha
I never liked you

You never can tell, a living hell
Wanna make you yell, you're a constant buzzkill
What a big disgrace, wanna punch his face
He's a fucking racist, you actually taste it

It looks like this is going down
So let's go now

Hey, old dude, I'm gonna fight you
Fuck me, fuck you and your attitude
You never liked me, I never liked you
Fuck me, fuck you and your attitude

It's two A.M., he's at it again
Yellin' at your friends, "Turn it down!"
Never live that long, never that strong
Does it make it that wrong that I wrote this song for you?

For you, for you, wrote this song
For you, for you, fuck you, fuck you

Hey, old dude, I'm gonna fight you
Fuck me, fuck you and your attitude
You never liked me, I never liked you
Fuck me, fuck you and your attitude

Fuck me, fuck you and your attitude
Fuck me, fuck you and your attitude
Fuck me, fuck you and your attitude
