

Drugs

Dune Rats

Drugs, make you lose yourself
Fuck, I don't know about my heath
Tried to stop Tried to stop

Luck, it don't go my way
I'm a have my say
Smoke weed, don't pray (down)

They want drugs, drugs
They want drugs, drugs

You can have your health
And we will get high
You can have your health
And we will get high

You can have your health
And we will get high
You can have your health
And we will get high

They want drugs, drugs
They want drugs, drugs
