When you're around, you're around, you're around, you're around When you're around, you're aroun

And all I wanna do
And all you wanna do
It's waste the time away

It's up and down, up and down, up and down, up and down It's up and down, up and down, up and down, up and down It's up and down, up and down, up and down It's up and down, up and down, up and down, up and down, up and down

And all I wanna do
And all you wanna do
It's waste the time away

And all I wanna do And all you wanna do It's waste the time away

When you're around, you're around, you're around d

It's up and down, up and down, up and down, up and down When you're around, you're around, you're around It's up and down, up and down, up and down, up and down

And all I wanna do
And all you wanna do
It's waste the time away

And all I wanna do
And all you wanna do
It's waste the time away
