Somebody

I want somebody to share Share the rest of my life Share my innermost thoughts Know my intimate details

Someone who'll stand by my side And give me support And in return He'll get my support

He will listen to me When I want to speak About the world we live in And life in general

Though my views may be wrong They may even be perverted He will hear me out And won't easily be converted

To my way of thinking In fact he'll often disagree But at the and of it all He will understand me

I want somebody who cares For me passionately With every thought And with every breath

Someone who'll help me see things In a different light All the things I detest I will almost like

I don't want to be tied To anyone's string I'm carefully trying to steer clear Of those things

But when I'm asleep I want somebody Who will put their arms around me And kiss me tenderly

Though things like this Make me sick In a case like this I'll get away with it
