

# The Legend Of Huma

## Dungeon

Oh - the armies of darkness are coming to poison the  
lands  
Takhisis, the queen of the night has risen again  
Five-headed dragon returned from the land of the dead  
To enslave us all

Oh - may Paladine smile upon us as we go to war  
Like ancient Solamnic Knights have battled before  
Defenders of light, sworn to fight for us all  
To save the world

Silver and gold - the dragons of light  
Pushing the darkness aside  
The Measure and Code - the law of the knights  
Echoing in my mind...

My honour - is my life  
My honour - will survive

Oh - as I look deep into the elf-maiden's eyes  
Gwyneth, my love, don't you mourn for me if I die  
Your memory will pass with me into the next life  
You'll always be part of me

Now - as I ride through the sky, a dragon of silver  
below  
The dragon is one with Gwyneth, but how could I've  
known?  
I focus my mind, remember the Solamnic Oath  
As we reach the queen...

Flames were all around, they heard the victory cry  
Ansalon was spared, but they knew they'd reached their  
time  
With their final breath, her secret was set free  
'Huma, I'm one with you - you're one with me...'

Now as you look into the sky, there's two new shining  
stars  
The legend handed down from son to son, sung by bards  
The dragon and the ancient knight did defeat the evil  
queen  
They went to their deaths together  
With a love that could never be...
