

All You Need Is Now

Duran Duran

It's all up to you now
Find yourself in the moment
Go directly to the voodoo
Now the channel is open
Lose your head
Lose control
You come on delicate and fine
Like a diamond in the mine

Oh who o
Yeaaaaa

When you move into the light
You're the great thing alive

Oh whoa o

And you sway in the moon
The way you did when you were younger
When we told everybody
All you need is now

Stay with the music let it
Play a little longer longer
You don't need anybody
All you need is now

Everybody's gunning
For the vip section
But your better up and running
In another direction
With your bones in the flow
Cold shadow on the vine
But your lashes let it shine

Whoa o
Yeaaaaa

Every moment that arrives
You're the greatest thing alive

Oh whoa o

And you sway in the moon
The way you did when you were younger
And we told eveybody
All you need is now

Stay with the music let it
Play a little longer
We don't need anybody
All you need is now

All you need all you need is now
All you need all you need is now
All you need all you need is now

And we will sway in the moon
The way we did when we were younger
(When we were younger)
When we told everybody
All you need is now

Stay with the music let it
Play a little longer
(A little longer)
We don't need anybody
All you need is now

Oh whoa o
All you need all you need is now
Oh whoa o
All you need all you need is now
Oh whoa o
All you need all you need is now
Oh whoa o
All you need all you need is now
