

# Can You Deal With It

Duran Duran

There must be somebody  
Who'll make love to me  
Blow the rules away  
Trash these yesterdays

Live in sympathy  
Use psychology  
To find the twist in me  
Can you deal with it?

A recent enquiry  
Showed no boundary  
Love's the only way  
Can you handle it?

Can you deal with it?  
Can you deal with it?  
Can you deal with it?  
Can you deal with it?

Can you deal with it?  
(when you ain't sorry...)  
Can you deal with it?  
(for all that you apologize)  
Working up to something  
I know you're up to something

Can you deal with it?  
(something's got to happen)  
Can you deal with it?  
(something's got to get me up)  
Can you deal with it?  
(nothing ever happens)  
Can you deal with it?  
(nothing's ever good enough)
