

(I'm Looking For) Cracks in the Pavement

Duran Duran

I shed my skin when the party was about to begin
I'm light years away but I'm walking back tonight of all nights
When I should be feeling just right
Don't wanna be in public my head is full of chopstick I don't like it
Something on my mind breaking open doors I've sealed up before
Something on my mind makes me run when I thought I'd run too far

Somebody's shaking my tree maybe that somebody is me
I'm standing in the light but I'm making a break for the shadows on the cinema wall
They should be mine but I'm not that tall
Now I'm saying this in private if I had a car I'd drive it insane

Something on my mind breaking open doors I've sealed up before
Something on my mind makes me run when I thought I've run too far
Something on my mind breaking open doors I've sealed up before
Something on my mind makes me run when I thought I've run too far
I'm looking for cracks in the pavement

Something on my mind breaking open doors I've sealed up before
Something on my mind makes me run when I thought I've run too far
Something on my mind breaking open doors I've sealed up before
Something on my mind makes me run when I thought I've run too far
