

Like an Angel

Duran Duran

Oohh, Do-do do-do-do
Da da da da da

Things that you used to say
Now take on different meanings you realise
Can't be too careful about the lines
Come on you know you're not so young
You cannot hide behind disguise
Listen to your own desire

Eyes like an angel
So wise, don't lie
You never felt like this before
Fly like an angel
So high this time
You send your senses streaming free

Places you used to go
When you were young look different in the dark
Don't you worry it's O.K.
And maybe I can help you find your way
Tonight I think you will agree
Summer reason's run away

Eyes like an angel
So wise, don't lie
You never felt like this before
Fly like an angel
So high this time
You've got your senses streaming free

Oh I hear your heart beating even faster now than mine
Now you know just what I mean.
So take your place among those twilight gleaming rivers that you read
Give me reasons to believe

Eyes like an angel - so wise don't lie
You never feel like this again
Fly like an angel - so high this time
You send my senses streaming free

Like an angel... da da da-da
Like an angel... da da daa
