

# Taste The Summer

Duran Duran

Doo doo doo doobeedoo  
Doo doo doo, doo doo doo  
Doo doo doo doobeedoo  
Doo doo doo, doo doo doo

Doo doo doo doobeedoo  
Doo doo doo, doo doo doo  
(Taste the summer, you can taste the summer)

Can you, can you taste the summer?  
I do, I find it in your mouth

Now if I have a weakness it's for sweetness  
And it's... floating on your breath, the sweetest melody

Doo doo doo doobeedoo  
Doo doo doo, doo doo doo  
(Taste the summer, you can taste the summer)

Sure we can make it till the evenings  
Cool haze is reflected off your thighs

Long days are coming up and staying up and playing  
Music of the falling stars, a melody (melody...)

Doo doo doo doobeedoo  
Doo doo doo, doo doo doo  
(Taste the summer, you can taste the summer)
