

Too Much Information

Duran Duran

R: Destroyed by MTV (ABC/BBC/MTV)

I hate to bite the hand that feeds me so much information
The pressure's on the screen

To sell you things that you don't need
It's too much information for me

1. Hey TV child look into my eyes
Here by intervention I want your attention
Promotion boy in a suit and tie
He wants you to use it you're too shot to loose it
It's pumping down the cable like never so before
A Cola manufacturer is sponsoring the war
Here comes the news with love from me to you

R: Destroyed by MTV...

2. Turn on the tube hits you with a groove
Advertising muzik we want you to choose it
These teeth are white trainers ultra-brite
This band is perfect just don't scratch the surface
We covered all the angles the survey people said
Just put us on the cover we'd be smiling anyway
This video was made with love for you

R: Destroyed by MTV... (2x)

*: Dilate your mind Dilate your mind Dilate your mind Dilate your mind
Got to give it to me got to listen to me got to give in to me
Now I'm on the line I try (Too much information)
