

# Yeah Yeah Yeah

Dustin Lynch

Hey baby, It's good to see you again  
This party's rockin' let's get you jumpstarted  
And get you a drink  
I love that Haggard t-shirt you got on  
The way you're singin' along  
Shakin' that thing  
Right about now all I wanna say is

[Chorus:]

Yeah Yeah Yeah  
Look at you lookin' all drop dead beautiful  
Whoa oh oh  
Girl you got it got it goin' on tonight  
Uh uh uh  
Take a little sip then lean on in  
For a little bit, nice and slow  
Girl here we go  
Yeah Yeah Yeah  
Yeah Yeah Yeah

Hey baby, it's gettin' kinda crowded inside  
Let's slip out back, whatcha think about that  
Maybe take a little ride  
I got a radio and a half tank of gas  
We can ride around this one light town  
And see how long we can make it last

[Chorus]

C'mon girl, scoot it on over  
Don't be scared to get a little closer  
Roll on out past the city limit  
Me and you fade into the distance

[Chorus]

Yeah Yeah Yeah  
Yeah Yeah Yeah
