

Your Plan

Dustin Lynch

Hello, it's been too long
My fault I haven't called
Thank you for picking up the phone

I've been swimming around
Trying hard not to drown
Waiting on my life calling to sound

And I'm hangin' on best as I can
Cause I know this whole crazy ride's in Your hands
It's Your plan

This is my white flag wave
This is me handing you the reigns
I know You can steer my hurricane

And I'll hang on best as I can
Cause I know this whole crazy ride's in Your hands
It's Your plan
It's Your plan

So I'll hang on the best as I can
Best as I can
Cause I know this whole Crazy ride's in Your hands
It's Your Plan
