Your Plan

Dustin Lynch

Hello, it's been too long My fault I haven't called Thank you for picking up the phone

I've been swimming around Trying hard not to drown Waiting on my life calling to sound

And I'm hangin' on best as I can Cause I know this whole crazy ride's in Your hands It's Your plan

This is my white flag wave This is me handing you the reigns I know You can steer my hurricane

And I'll hang on best as I can Cause I know this whole crazy ride's in Your hands It's Your plan It's Your plan

So I'll hang on the best as I can Best as I can Cause I know this whole Crazy ride's in Your hands It's Your Plan
