## **Dusty Springfield**

Find me a rose
That never fades and dies
And I'll show you a man
Who never, ever cheats and lies

Find me a star and if you can prove
The star you've found just never disappears
I'll show you a man
Who'll never, never ever, ever bring you tears

Another night, when I'm all alone Another night without him Another night, when I stay at home And worry so about him

Oh, I love him
And my love makes me cry
I need him
If he doesn't come back, I know I'll surely die

Find me a cloud

That never brings you rain

And I'll show you a man

Who never, ever brings you pain

Find me a bird and if you can prove
The bird you've found has wings and still can't fly
I'll show you a man
Who'll never, never, ever, ever leave you high and dry

Another night, when I'm all alone Another night without him Another night, when I stay at home And worry so about him

Oh, I love him
And my love makes me cry
I need him
If he doesn't come back, I'll die

And he'll never, never, never Never leave you high and dry

Another night, when I'm all alone Another night without him Another night, when I stay at home And worry so about him

Another night, another night, yeah I'm so alone, baby, another night I can't stand it, ah, I can't stand it
