Be Somebody

Dusty Springfield

I can tell by lookin' in your eyes There is something on your mind Restless so long It's time to let you go There's a dream out there I know you got to find So, if you take the love that I will give to you Then I won't feel like I'm losin' you I want you to be somebody, be somebody, be somebody I know you can be somebody Be somebody strong To me, you'll always be somebody, be somebody, be somebody You'll never do wrong Never do wrong Always be strong, strong, oh Be strong, yeah People change It happens all the time Still, it hurts to say goodbye So, if my tears are gettin' in your way I'm imagining how your wings learn to fly So, shine your light for all the world to see Share the love you feel But save the best for me I want you to be somebody, be somebody, be somebody I know you can be somebody Be somebody strong To me, you'll always be somebody Ooh, you can be somebody You'll never do wrong Always be strong If you need me you can count on me I know, I know You can be somebody, ooh You can be somebody I know you can be somebody Ooh, somebody strong In my heart you'll always be somebody, oh You can be somebody I know it, I know it, I know it Oh, you'll never do wrong You can fly, you can fly, oh, fly
