

I Am Your Child

Dusty Springfield

And I am your child
Wherever you go
You take me too
Whatever I know
I learned from you
Whatever I do
You taught me to do
I am your child
And I am your chance

Whatever will come
Will come from me
Tomorrow is won
By winning me
Whatever I am
You taught me to be
I am your hope
I am your chance
And I am your child

Whatever I am
You taught me to be
I am your hope
I am your chance
And I am your child
