Bleed on
Rock pop we got hardcore we got way more
Lead street we got big beat we got elite we got style
The wildest for miles around
And we know where your sound can be found
Bleed on we came to lead the way
Bleed on we came to seize the day
Bleed on we came to be the shit
And every fucking track is like a mother fucking hit
Roll deep we got bring heat we got technique
Hip-Hop we got blood clot we got great Scott we got style
The childish defiling the mild and we know that it's making you
smile
